

Parent and Family Support Service (PFSS)

Parental Engagement Professionals Network

The Parental Engagement Professionals Network provides an opportunity for all staff working with parents in schools to network, consider the challenges when working with families and share best practice.

Keeping Families Informed-Engaging Parents during Covid

**Thursday 19th November 2020
10.00am – 11.30am**

Online zoom session

The Covid pandemic has disrupted school and family relationships and with changing guidance and so much information in the public domain communicating effectively and keeping parents informed is key to children having positive outcomes and supporting learning and wellbeing. Working in partnership with parents and carers is now more vital than ever to ensure families engage with school and children are kept safe.

Agenda:

- Covid Update - Katie Cole – Associate Director, TH Public Health
- Changes to the SEND provision - Christine McInnes, Divisional Director, Education and Partnership
- Information share and networking opportunity – how is your school managing? Share good practice and challenges amongst peers

The Parental Engagement Professionals Network Meeting is organised by the Parental Engagement Team (PET), LBTH

All places need to be booked and will be confirmed by email with zoom session details
