We will be learning...

LITERACY

The children will be continuing to follow the Read Write Inc programme. We will also be celebrating National Book Day. We will be reading lots of information books based on our topic about Animals and Plants. We will be telling stories to one another concentrating on creating narratives and using exciting vocabulary.

NUMERACY

The children will be continuing to learn about numbers to 100. They will be learning about division and multiplication. They will be exploring fractions, weight, money and time. On Fridays there will be a mental math test or problem solving.

TOPIC

Our topic this term is Plants and Animals where the children will be investigating and exploring. This will include looking into the differences between species. Ask your children what they can tell you about how plants grow! In Spring 2 the topic is Plant Life. We will aim to visit the Soanes Centre and go on walks around the area focusing on plant life and seasonal change.

Computing

We will be learning to programme toys. We will also be learning to use the computer to publish our work. The unit is called 'We are Publishers'.

Music

Children will be enjoying our weekly singing assemblies and be taught drumming skills with an experienced musician.

RE

This term we will be learning Jesus the story teller, why he told stories and how they are still used to teach others today.

PSHE

Children will be exploring the topic of 'Me, my family and friends.'. They will be exploring families and how to build on new and existing relationships.

ART & D.T. We will be looking carefully at fruit and vegetables and creating observational drawing and painting.

P.E.

This term the children will join their mainstream classes to participate in a variety of indoor and outdoor sports activities.

CLUBS

We will be running a number of clubs this term including arts and crafts, Numicon (maths) and MADD club (Music, Art, Dance and Drama). **If your child is chosen for a club, please ensure they attend every week.**

Trips planned...

AEN1 hope to take the children on a marble treat! We will also be taking the children to Mudchute Farm and on a trip to a local supermarket so children can choose foods to make a balanced meal.

We will also take a trip to the Soanes Centre where we will look at wild plants and their habitats.

If you have any questions, we are always happy to listen, so please just pop in and book a time to chat!
